FUNDING THE FUTURE OF CONSTRUCTION

Where your levy works

WHAT IS THE CITB LEVY?

Where the value of building and construction work is over \$15,000, a 0.25% levy applies. It is the responsibility of the project owner to pay for the levy.

WHY DO WE HAVE IT?

The building and construction levy has been in operation since 1993. The money collected from this levy is used to ensure that we have a well trained and highly skilled workforce.

THREE EASY WAYS TO PAY

You have the convenience to pay the CITB levy in three different ways. We highly recommend using our website, www.citb.org.au, especially if you have multiple projects.

- Pay by cheque. Councils have been advised to accept cheques made out to CITB.
- Pay by direct debit
- Or with your credit card

Don't forget to visit www.citb.org.au, for the fastest and most convenient way to make your payment.

CITB FUNDING PROMOTES GROWTH AND BENEFITS ALL

Your levy payments support the training of more than 2,000 apprentices, trainees and their employers. Also over 20,000 construction workers in South Australia.

They can choose from hundreds of accredited programs delivered through Registered Training Organisations.

The next generation of construction workers, school students and apprentices also benefit, through our Doorways 2 Construction program leading to apprenticeship and employment opportunities.
